PROFESSIONAL SUMMARY

Digital retail and creative contributor supporting JI Telecom through e-commerce content, product information, Android-based sales tools, and promotional campaign design. Turns device specifications and retail offers into clear customer-facing content using Canva and light Adobe Photoshop finishing.

PROFESSIONAL EXPERIENCE

Digital Retail & Creative Contributor | JI Telecom

Present | Bacolod, Philippines

- Contribute to JITelecom.store by organizing product information, promotions, and retail content for a clearer customer shopping experience.
- Help develop JI Product Adviser, an Android tool that compares devices with customer needs and checks software and hardware compatibility.
- Assist with retail campaigns across smartphones, tablets, financing offers, store promotions, and featured product lineups using Canva with light Adobe Photoshop finishing.
- Translate technical specifications, pricing, and financing offers into accessible customer-facing copy and visual presentations.

SELECTED PROJECTS

JI Product Adviser Android product comparison and compatibility tool for device recommendations.

JITelecom.store Digital storefront work covering product discovery, campaigns, and retail content.

Retail Campaign Portfolio Multiple campaigns across device brands; Techtober is one featured series.

CORE SKILLS

Digital retail content | E-commerce content | Product data organization | Device comparison
Graphic design | Retail campaign design | Digital advertising | Product storytelling
